PHIL GEORGE (DET)

MONMOUTH COUNTY PROSECUTOR'S OFFICE

201-431-7025

Called re murder of Deborah LEE MORTON.

Asked if there was any information as to how CUBAN brothers had come to conclusion that MORTON had informed on TRAPASSO/MIRANDA.

I reassured them that I thought it very unlikely that anyone in Bermuda (Police/Customs) would have been responsible for such information being leaked and suggested that ANGELA TRAPASSO during her incarceration might have come to that conclusion and said as much in her weekly conversations to Cheryl OWENS in the States.

The word on the street in N.J. is that MARCUS COHAB is very upset at losing the \$129,000 (seized by Police) and he blames MORTON. It is thought that HARRY OWENS killed his own sister (MORTON) and it is possible HARRY OWEN suffered the same fate at the hands of COHAB.

CHERYL OWENS is not cooperating and will not make the phone call to Angela TRAPASSO at the CO-ED.

DET. GEORGE asks that all phone calls to CO-ED to TRAPASSO be monitored (arrangements made with Prison HQ).

If by next TUESDAY, 14/8/90, there has been no calls informing TRAPASSO/MADERA of death of MORTON, that they be informed at HMC when they appear for "mention" - possibly with lawyer present.

There is a 'long shot' that HARRY OWENS may telephone TRAPASSO and his number would be required by DET. GEORGE.
