STATEMENT FORM

How much did you pay Jimmy for the cocaine you brought in Monday.

That, I haven't paid for it yet. I'm supposed to send it back.

Who collects it.

I don't know. I don't know about that end Jimmy does all that, arranges it all.

Who arranged for Angela to come over.

I guess they handled that over there, I never got to her in the States.

Who does Jimmy know in Bermuda, who does he talk of.

Just Ted, Julian Hall. He told me that he'd heard from guys that if you get in trouble get Julian Hall, it was just something that I had to do, I would even have to pay it myself. Julian is not someone I know.

Whose idea was it to come down to Bermuda and sell cocaine.

Mine. I just get the cocaine from Jimmy then sell to Ted and Dexter and Colin.

What is Jimmy's role.

He's just my supplier.

How do you get the cocaine.

Jimmy does that, he calls me and tells me one is coming.

The cruise ship was ideal for the season.

Who made the arrangements to set up this Bermuda operation of yours.

I came down in January to see around, get the feel of the Island. I know there was a lot of dreadlocks here so thought it was worth attention. I then met Ted through the music.

Have you discussed with anyone a different method of getting your money out of Bermuda.

No.

To pay out the loan at home and for Jimmy.

What's it called.

Fresh International.

Of what address.

My home address.

How were you going to set up a business here.

I was enquiry but had little idea, I had a lot of questions.

One of my friends, well Jimmy, he said to see Julian to sort it out, get me started.

Has Jimmy got a business here.

No, if that was the case I'd have worked there.

Why did you pick a lawyer.

Cause you need a lawyer and he came recommended, I hadn't even discussed it fully I talked to him over the phone, just a short conversation and he invited me to his home to discuss it further.

When were you to see Mr Hall.

During this last week, it was going to be in the evening for a drink so he could get to know me better.
